You draw like a professional artist even if you have never drawn before. No matter what you want to draw with the use of the Master Art Helper, it is automatically seen on any sheet of paper, then you easily, quickly trace the picture on the paper because you already see it there — and in color too! It develops children's art ability and improves their drawing technique! With the Master Art Helper you will draw an accurate professional-type drawing that anyone would think an experienced artist had drawn. This often helps students to get better grades in school! The Master Art Helper makes it easy to draw or copy anything you wish to draw larger or smaller or any size you wish, and is excellent for drawing *MAPS* usually required of students. It can be used easily on any table, board, or desk anywhere, at home or in school. The Master Art Helper is used to draw photographs both in-doors and out-doors.
